

MOONRISE AWARENESS AND PARTICIPATION FORM

For visionaries who build. Not for dreamers who wait.

If you've made it this far, congratulations. You're about to enter a decentralized ecosystem that doesn't promise, it DELIVERS.

MoonRise exists for founders. For those who understand that freedom demands responsibility—and that those who arrive first, reap the most.

This form isn't a barrier. It's a shield. For you. For the project. For the future.

WHAT YOU NEED TO KNOW (NO LEGAL TALK, JUST THE TRUTH):

- You're not buying shares in a company. You're acquiring tokens within a sovereign digital ecosystem, with real infrastructure and public execution. No one is forcing you to be here.

If you're reading this, it's because you have a vision. But the choice to participate is 100% yours. Everything is public. Everything is traceable.

From the contract to the burn. From wallets to the internal economy. Nothing is hidden—everything is on-chain.

You're not buying promises. You're joining a real, early-stage project, with risks—but with fundamentals, code, and structure that 99% of projects will never have.

- Results depend on execution, engagement, and strategy.

You join as a builder, not a gambler.

BY FOLLOWING, YOU DECLARE THAT:

- You understand the purpose, structure, and proposal of the MoonRise ecosystem.

- You know you are participating in an autonomous and decentralized digital system.

- You are joining voluntarily, with awareness and responsibility.

- You assume your position as part of a pioneering and strategic movement.
